When sewing, it's important to have the right tools for a task, and to know how to use the tools properly. You will need basic tools for measuring, cutting, marking, pressing, and sewing. Through this program, equipment and materials can be signed out to borrow for the duration of the program year.

Additional sewing aids can make sewing simpler and more successful. The 4-H program has various fabrics for you to have/keep during this educational experience. Please let us know what you would need to complete a 4-H Sewing Project:
